

SPECIFICATIONS

General:

Model: CPA-60 Remote Control Kit
 Manufacturer: Raymar Srl
 Order Code: TX KIT 01 - Remote Control Kit

Features :

Integrated IR Receiver
 Function detector led
 Anti-corrosion treatment
 Moisture and salt spray resistant
 CE certified and RoHS compliant

Description: Remote Control

Width: 5,15 in
 Depth: 0,11 in (min) / 0,23 in (max)
 Height: 0,47 in (min) / 0,82 in (max)
 Weight: 1,07 Oz w/o batteries

Electrical:

Power: batteries - AAA 1.5V (2pcs)
 Standard connectors: RJ45
 Signal Transmission: IR Infrared
 IR operating distance: 26,2 ft, 30-40 degree

Description: Keyboard

Depth: f 2,04 in
 Height: 0,27 in
 Weight: 1,12 Oz

Electrical:

Power: through CPA-60
 IR operating distance: 26,2 ft, 30-40 degree
 (at optimal conditions)

The CPA-60 Remote Control Kit can control all CPA-60 functions using a IR remote control and/or a dedicated keyboard. The keyboard, which can be easily wired to the CPA-60 through a CAT5 cable (max 109.3 yards) ending with an RJ45 connector, enables all main functions such as: volume control, on-off selection with Led for operation feedback and an infrared receiver. The IR remote control allows for additional functions such as: tone control and RESET, ensuring an 26,2 ft operating range (without obstacles in between), from the keyboard or the IR receiver supplied with the CPA-60. Due to the accessories kit and the IR receiver the CPA-60 is equipped with, the CPA-60 can be controlled from two different independent locations using the same remote control.

Applications: Audio broadcasting, multi-room systems, audio amplifier.
